PROFESSIONAL SUMMARY

Enthusiastic and fast-learning 4th-year Computer Science student with a strong foundation in software development, problem-solving, and modern technologies. Experienced in developing functional applications through academic and personal projects, with the ability to learn new technologies and adapt to different development environments. Motivated to apply technical knowledge, contribute to collaborative projects, and continue growing as a software developer.

EDUCATION & ACADEMIC BACKGROUND

- Bachelor of Science in Computer Science
 - Hope Enterprise University College, Addis Ababa, Ethiopia
 - Status: *4th* Year Student (Expected Graduation: 2027)
- Relevant Coursework:
 - Data Structures and Algorithms (DSA)
 - Object-Oriented Programming (OOP)
 - Database Management Systems (DBMS)
 - Software Engineering Principles
 - Web Programming

TECHNICAL SKILLS

- Frontend Technologies: HTML5, CSS3, JavaScript (ES6+), React.js, Next.js
 - Backend & Databases: PHP, C++, MySQL
 - Developer Tools: VS Code, Git, GitHub
 - Coding & Design Practices: Responsive Web Design (Mobile-first design), Semantic HTML, UI/UX Design Prototyping
-

TECHNICAL PROJECTS

- Student Feedback Website
 - Technologies Used: HTML, CSS, PHP
 - Description: Developed a web application for students to complete questionnaires and evaluate instructors.
 - Contributions: Created responsive frontend forms and connected them to a PHP backend database for secure data processing.
 - Club Registration System
 - Technologies Used: C++
 - Description: Programmed a desktop application to manage student club registrations and administrative approvals.
 - Contributions: Implemented core data structures and object-oriented programming to handle application storage and administrative workflows.
-

CERTIFICATIONS & TRAINING

- Basic Web Development Certification – [Kibur College Bootcamp](#)
- Java and C++ Programming Certification – [Perfect Computer Training Educational Institute](#)
- Recommendation Letter – [Addis Ababa City Administration Innovation and Technology Development Bureau](#)

CAMPUS INVOLVEMENT & LEADERSHIP

- Active Member | University Tech & Coding Club
 - Engage in weekly coding challenges, peer code reviews, and discussions on modern web development frameworks.
 - Collaborate with fellow students on small-scale open-source projects to improve codebase optimization.
-

CORE COMPETENCIES & SOFT SKILLS

- Teamwork & Collaboration: Experienced in using Git/GitHub for version control and collaborating on shared code repositories.
 - Learning Agility: Proven capacity to rapidly acquire and apply new tech stacks, including framework migrations (e.g., React to Next.js).
 - Problem Solving: Systematic code debugging, performance profiling, and application logic optimization.
 - Communication: Clear documentation of code structural logic and expressive layout designs.
-

LANGUAGES

- Amharic: Native speaker
- English: Fluent (Professional working proficiency)
